

Call for Applications for the Selection of Regular Students for the Stricto Sensu Postgraduate Programme in Electrical Engineering at Master and Doctorate Levels
(Approval: Decision CPG nº 72/2026 and Resolution of the Congregation FEEC nº 231/2026)

1st SEMESTER 2027

The School of Electrical and Computer Engineering (FEEC) of the State University of Campinas (UNICAMP) announces the registration for the selective process of admission of regular students starting in the First Semester of 2027 in the Stricto Sensu Postgraduate Programme in Electrical Engineering.

The programme offers Master's and Doctoral Levels in the areas of specialisation: Automation (AA); Electronics, Microelectronics and Optoelectronics (AC); Biomedical Engineering (AD); Computer Engineering (AE); Electrical Energy (AF) and Telecommunications and Telematics (AG).

APPLICATION CALENDAR

1st Phase: Application of the candidate: October 01 to October 31, 2026

2nd Phase: Candidate selection: November 04 to November 30, 2026

3rd Phase: Disclosure of results: December 18, 2026

4th Phase: Confirmation of interest in enrollment: January 05 to January 23, 2027

5th Phase: Enrollment of accepted students: February 01 to February 03, 2027

PRE-REQUISITES

Candidates who have completed their undergraduate course at a Higher Education Institution (HEI) in Brazil or abroad, are eligible to apply as regular students for the Postgraduate Programme in Electrical Engineering.

PROCEDURES FOR APPLICATION

Candidates must read carefully all the information contained in this call for applications, as incorrect procedures may make the application impossible. Late applications will not be accepted.

Candidates are required to

- Fill in application form, exclusively through the Academic Management System (SIGA), available on the website of the Academic Board (DAC): <https://www.dac.unicamp.br/portal/estude-na-unicamp/pos-graduacao>
- Fill in the register in the webpage https://cpg.fee.unicamp.br/insc_ingres_aluno_regular/ and attach requested documents in their corresponding fields.

DOCUMENTS FOR APPLICATION

The mandatory documents are:

➤ Master's Degree

- ❖ [Application Form](#) (generate a PDF file)
- ❖ Curriculum Vitae (preferably [Lattes Curriculum Vitae](#) in PDF format)

- ❖ Undergraduate Diploma
- ❖ Master's Diploma **or** letter of thesis defense **or** declaration written by the supervisor indicating that the thesis defense is predicted to occur by the end of the first semester of the doctorate course
- ❖ Indicate, in the system of the School of Electrical and Computer Engineering, two persons as references (e.g., former professors) providing name, e-mail address and educational institution.

SELECTION

Candidates are selected independently by each department of the School of Electrical and Computer Engineering. Therefore, candidates may indicate up to two departments that best meet their research interests. Interviews with candidates may be scheduled from time to time.

Candidates should find out which departments are developing projects in the areas of specialisation and lines of research they are interested in. It is also advisable to consult the list of professors with keywords and contact details.

It is recommended that candidates contact the professors of the departments they are interested in, in order to provide additional information to assist in the selection process.

VACANCIES

The number of vacancies for new students varies each academic period according to the availability of supervisors in each department and according to the limit of students supervised by a professor ([Instrução CPG-FEEC 34](#)).

SCHOLARSHIPS

Candidates with an employment contract will not be able to opt for the scholarships.

- Programme Scholarship

The candidate must express interest in the programme scholarship when completing the application form. **Approval of the candidate does not guarantee a scholarship from the programme. The availability of scholarships in each semester depends primarily on the number of scholarships released by the funding agencies.**

A candidate who is not awarded a scholarship in a given semester may participate in the priority list in the following semester and reapply for a scholarship from the programme quota.

- Other scholarship opportunities (External Scholarships - Research Projects)
